

Teachers and staff,

We've got exciting news to share! This year, our school is partnering with **Playworks** through the **TeamUp program**, and we couldn't be more thrilled. Together, we'll be working to build a safer, healthier, and more joyful school community—through the power of play!

Playworks is the leading national nonprofit dedicated to transforming school culture and improving recess outcomes, and we're proud to team up with them to bring even more fun, connection, and leadership opportunities to our students. Get Excited!

Our Playworks Program Coordinator \_\_\_\_\_ (full name) aka "Coach \_\_\_\_" (cc'd) will be onsite once-weekly all year, to work alongside us to implement strategies and systems that support a high functioning, student-led recess, and share ideas and best practices for infusing fun and games into the school day.

Please introduce yourself to Coach \_\_\_\_ when you get a chance and get ready to play this year!
