Your Role

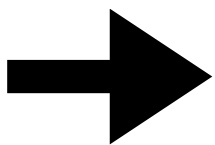

9:30 AM – 1:00 PM

Volunteers begin with a short orientation, then help welcome students as they arrive and get settled. Once the event begins, you'll join a group of students and move through activities with them—jumping in, helping them navigate what's next, and keeping the energy going throughout the day. School staff and chaperones lead each group—**you're there to support, engage, be part of the day, and get to know these student leaders.**

Quick notes:

- Wear your company gear if you have it—so students see your support.
- Lunch provided
- Parking details will be shared closer to the event
- Professional photographer and videographer on-site

This is a hands-on, high-energy experience—no special skills needed.
