

Impact Report

SOUTHERN CALIFORNIA
2021-2022

Your partnership in 2021-22 has helped Playworks ensure children across Southern California feel safe and have access to the healing power of play to strengthen and support our communities while transitioning back to in person learning .

TEACHERS

Playworks prioritizes serving
a diverse student population:

74% of students are under-resourced

86% are students of color

Increasing the Value of Safe and Healthy Play in Southern California

Xavier | Junior Coach

Jefferson Elementary School in Lennox School District

"Being a leader to me means helping others and being a representative for the students at Jefferson to make sure we are being heard. It also means being a good role model and showing how good people can be through my actions! It's also about looking at everyone's perspective on things and learning to take a step back when you might not think the same but still represent them equally."

Survey results from educators at our Southern California partner schools for the 2021-2022 school year:

93%

of staff reported students are better able to **develop the skills they need to succeed** in their learning community

91%

of staff reported that Playworks strengthens students' ability to **resolve conflict on their own during recess**

95%

of staff reported that Playworks creates **environments of belonging**

94%

of staff reported that Playworks **strengthens their overall well-being**, especially during Covid-19

José Montañó, Ed.D | Principal

Andrew Jackson Elementary School in Desert Sands Unified School District

"Playworks has made a tremendous positive impact on our school's culture and has created leadership opportunities for students and staff."
