

TWENTY-ONE

- 1. The player with first possession puts the ball into play by shooting a free throw shot. Players decide who will be the first to guard the player who has possession of the ball.**
- 2. Only one person can guard the player who has the ball. Other players must wait to get the rebound. There is no double-teaming.**
- 3. When a player loses possession of the ball or misses a shot, the new player who has possession of the ball will attempt to shoot.**
- 4. Once the game is in play, the person who last shot the ball or had possession of the ball will be the only player who can guard the player that currently has the ball.**
- 5. Each time a player makes a basket, they get two points and go to the free throw line. Each successful free throw is an additional one point. Player can get up to three points.**
- 6. The first player to earn 21 points, without going over, is the winner. If a player goes over 21 points, their total score goes back to 11.**
